

CONSTRUCTION LEADERSHIP COUNCIL

A Chapter of the Associated General Contractors of America

Little Caesars Arena Site Tour

The CLC invites you to join us and construction personnel from Barton Malow - Hunt -White on a tour of the Little Caesars Arena project.

Little Caesars Arena is not only the new home of the Detroit Red Wings, but also the Detroit Pistons and the premier entertainment destination in the region. It will open in September and be ready for action at the start of the 2017-2018 season.

Work on the ice surface at Little Caesars Arena began in early January. Crews began excavating dirt at the lowest part of the bowl to make way for ice-making infrastructure where the Detroit Red Wings will play beginning this fall.

With nearly 1,000 construction workers on site daily, Little Caesars Arena is the largest and most exciting construction project underway in Detroit in many years. The crew is making amazing progress and the arena is on track to open this September.

More than \$345 million in contracts have been awarded to Detroit-based businesses to construct Little Caesars Arena, representing nearly 60 percent of total contracts, and more than \$575 million, or 90 percent of contracts, have been awarded to Michigan businesses.

Mark your calendar and plan to join us for this once in a lifetime experience!

Date: March 23, 2017

Time: 4:00 p.m.

Site Tour Location: 2643 Park Ave., Detroit, MI

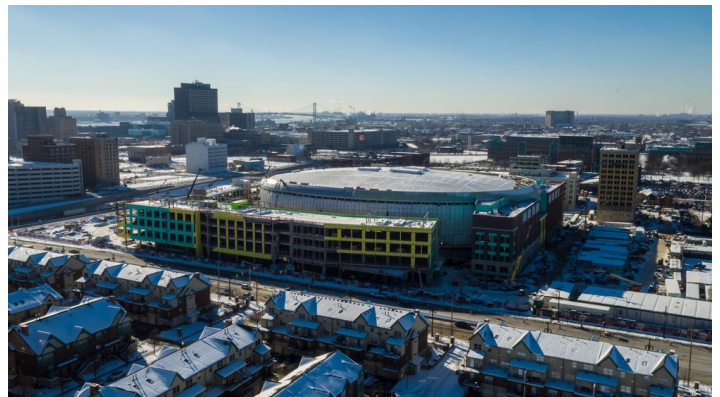

Reception following tour - location TBD
